*By Mujibur Rahman*

Congratulations on taking action to download this eBook. My name is Mujibur Rahman, I will guide you towards the steps you can take to make money online.

There are many ways to make money online. Some of them involve a large amount of investment and also a lot of learning and figuring out how it all works.

I am going to work with online income opportunities that are low-cost and don't require much learning on your part. These opportunities offer global marketing potential and mass leverage.

My goal is to get you earning a minimum of \$5,000 monthly so that you will be able to cover your living expenses. Once you have achieved this, you will be in a position to explore other income streams to building your wealth.

## How Much Is It Going To Cost?

You can get started for as little as \$9.95 monthly! You will have to pay a yearly fee of \$40 to become an affiliate and have access to the affiliate marketing system.

### 1. Nexus Rewards

The first online income opportunity that we will be working with is [Nexus Rewards](#). This program offers cash back on various purchases. It costs a yearly payment of \$40 and a monthly payment of \$9.95 to get started.

\$40 – Yearly Affiliate Fee

## Get Started Immediately

Don't wait around for the perfect time, get started immediately. The perfect time will never come! You need to take action right now.

I would suggest that you join both Nexus Rewards and LiveGood, if you can afford it. This will cost you a yearly affiliate fee of \$80 and a monthly fee of \$19.90.

Once you have paid the yearly affiliate fee of \$80. Your monthly business running cost will be \$19.90.

You will have the opportunity to build two online income streams for less than \$20 monthly.

If you are on a limited budget, you can start with one online income stream. It will cost you \$40 yearly and a monthly cost of \$9.95.

If you have a burning desire to transform your life, you can do it with less than \$10 monthly!

## Marketing Is The Key To Your Success

Once you join the above online income opportunities, you will get your own unique affiliate links that you can use to build your network and income.

You will not be able to build up a substantial monthly income without marketing. You will not be able to reach over \$2,000 monthly as illustrated in the marketing plans without your own marketing, as it will take a long time for spillover.

The only way to build a substantial monthly income is by doing your own marketing. You need to get as many people as you can to visit your referral links. Don't rely on your upline to build your network.

The marketing tools and method that you use will depend on the time and money you have available.

If you can spend a couple of hours daily on marketing, I would suggest that you use social media to promote your referral links. You can make videos on TiKTok, YouTube and other social media platforms to promote your referral links.

You will need to be consistent with your marketing. It will take some time to build up momentum for you to experience the results. Free marketing on social media is not actually free as you will need to invest your time and effort.

If your time is limited or you don't have much experience with social media marketing, you can use paid marketing tools.

## Marketing Tools That I Use

I use [MyLeadGenSecret](#) to send emails daily to promote my online business streams. You can promote your referral links directly or use it to capture leads into your autoresponder.

I have set up my autoresponder and [lead capture page](#) using [GetResponse](#). The autoresponder messages that I have set up are not perfect, but I have taken action to get started immediately, they will improve with consistent effort.

My [blog](#) is created and hosted using the [Wealthy Affiliate](#) platform. I will be blogging to update my progress and reveal the marketing tools and techniques that are working for me.

I also use [Udimi](#) to send out solo ads to capture leads into my autoresponder. Another tool marketing tool that I use is [ListOutbreak](#).

The marketing tools that I am using:

1. [GetResponse](#) – Autoresponder and Lead Capture Pages.
2. [Wealthy Affiliate](#) – Create and Host Blog.
3. [MyLeadGenSecret](#) – Send Out 100 to 200 emails daily.
4. [Udimi](#) – Send Out Solo Ads.
5. [ListOutBreak](#) – Send Out Email for Free Every 5 Days.

Use the marketing tools that you can afford to within your current budget. You can get started with a minimum of \$9.95 monthly and use free marketing via social media. This will take time and effort.

You can boost your marketing effort by using paid methods. The marketing strategy that you follow will be determined by the amount of time and money you have available.
